STUDENT CONDUCT

Introduction

It is the belief of the Alton School District that students should be in an environment where effective teaching and learning can occur. Therefore, we expect all students to behave in an appropriate manner. The conduct of students that is disruptive to a good learning environment will not be tolerated.

The District's behavior policy will be strictly enforced in a consistent manner by school personnel and by the Board of Education in order to promote the orderly operation of our schools. Discipline will be administered fairly, firmly, and consistently in an effort to maintain a good learning environment, to promote the development of good self-discipline among the students, and to modify unacceptable behavior.

Individual student rights will be respected and protected, but the right of expression by students does not permit the disruption of normal operations of the school nor does it permit interference with the lawful rights of others. In cases of gross disobedience or misconduct, disciplinary action may include suspension by the assistant principal, principal, or superintendent. It may also include expulsion by the Board of Education in accordance with Chapter 122, Section 10-22.6 of The School Code of Illinois. When criminal acts are committed on school property, the appropriate law enforcement officials will be involved.

At the beginning of the school year and when students transfer into the District during the year, an orientation of the discipline policy will be given to students,

parents, and school employees. The Board of Education believes that parents/guardians are responsible for the conduct of their children.

The Board of Education's Student Behavior Policy forms the basis for our expectations of students' behavior. We encourage you to read this information and to discuss the importance of good citizenship and appropriate conduct with your child. If you have a specific concern with the Conduct Guidelines, you are encouraged to discuss them with your child's principal.

Alton School District Board of Education and Administration

Board Policies – Alton School District Board of Education Policies are available on the district website at www.altonschools.org under Board Policies. These policies may be updated or amended during the year and are considered in effect once adopted by the Board. The failure to acknowledge receipt of the handbook and policies will not relieve a student from being responsible for knowing and/or complying with School and School District rules, policies, and procedures.

PBIS -- A Process in the Alton Schools

Positive Behavior Interventions and Support, usually known as PBIS, is flourishing in the Alton schools. Using PBIS, faculty and parents monitor student responses to interventions (RtI) designed to improve behavior. The goal of the PBIS process is to create a positive school culture and environment by reducing incidents of problem behavior and providing maximum academic time for students and staff.

The PBIS model includes a three-tiered approach for addressing behavioral issues. The first tier is referred to as the universal, for students without serious problem

behaviors (80-90%). The second tier is for a small group of students at risk for problem behavior (5-15%) who benefit from targeted group interventions. The third tier is for a very small group of students (1-7%) with chronic/intense problem behavior who can benefit from specialized individual interventions.

All District staff members have been trained in PBIS procedures. The building PBIS teams meet at least monthly and work to develop interventions for all three tiers in their system. Follow-up training in specific areas is offered, along with technical assistance, to building teams and staff. Each building team is led by a coach. Coaches receive ongoing intensive training on such topics as “Using Data to Make Decisions”, “Developing Targeted Interventions”, “Wraparound Planning” and “Classroom Management”. Coaches meet monthly as a group to provide support and fidelity to the PBIS process.

Universal Plans

The building PBIS teams develop behavior expectations for all settings in their school. The expectations are then taught to the students using creative means such as role-playing and/or skits in some instances. Students are reinforced and recognized for exhibiting the expected behavior through various means as appropriate for the grade levels served.

The universal plans are developed to provide students, staff, parents, and other building visitors with clear behavioral expectations. The premise is based on the fact that they will act appropriately if they know what is expected.

Most buildings spend the majority of their PBIS energy building a strong universal foundation. This is best practice and the most efficient use of resources.

Secondary Interventions

PBIS teams use data to target problem areas in their buildings. A focus of PBIS is to “work smarter not harder”. Sometimes a very simple change can make a big improvement in behavioral outcomes for students.

Data allows teams to objectively review the school’s behavioral issues. PBIS provides a systematic process to address problems and develop effective strategies.

Students receiving two or more office discipline referrals will be considered for supports at the secondary level. These may include Check-In-Check-Out (CICO), Social Academic Instructional Groups (SAIG), Simple Functional Behavior Assessment (FBA), and mentoring. Using data, these interventions are monitored for effectiveness by the secondary team and the teacher(s). The interventions are modified as needed to provide for improved student behavior.

Tertiary Interventions

Tertiary interventions are developed for students using criteria such as: 6 (six) or more office discipline referrals, 20% or more absenteeism rate, academic failure, lack of progress in secondary interventions after 4 to 5 weeks, mental health issues that interfere with student’s academic success, parent request, teacher request, as well as other critical barriers causing lack of progress in school.

Tertiary interventions are developed by individualized child and family teams. The teams are facilitated by school social workers. The tertiary interventions may include Complex Functional Behavior Assessment (FBA) and/or Wraparound. The team develops a comprehensive plan for the home, school, and community. The parent/guardian chooses the members of the child and family team who support the family in their problem-solving efforts.

STUDENT BEHAVIOR POLICY

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2)

Depending on the nature of the behavior or infraction, temporary removal from the classroom may be used as a disciplinary measure.

Detention

Students may receive a detention before or after school hours, during lunch hour, or from a specific class at the discretion of the teacher and/or principal. Parents of students should be notified by the principal or teacher if the student is to be detained. The parents are responsible for the student's transportation. Action taken and results are to be recorded and kept on file.

Referral to PBIS Team

The premise of PBIS is to teach, model, and reinforce the behavior expected and desired. After reviewing the referral, the team may recommend positive interventions to be taken by the teacher, parent, staff and student.

Referral to Authorities

Depending on the nature of the behavior or infraction, juvenile authorities or other law enforcement may be notified whenever conduct involves criminal activity.

Withholding/Loss of Privileges

Extracurricular activities are special privileges offered to enhance the students' over-all learning experience. Other benefits, such as riding the bus to and from home are also privileges, not rights. Any or all of these and other privileges may be revoked. Actions taken and results are recorded and kept on file.

Community Service

Depending on the nature of the behavior or infraction, community service to meet human, educational, environmental, or public safety needs is an alternative to other disciplinary measures.

Seizure of Contraband

Depending on the nature of the behavior or infraction, school administration may confiscate and temporarily retain personal property that was used to violate school disciplinary rules.

Suspension of Bus Riding Privileges

Depending on the nature of the behavior or infraction, temporary removal from the bus may be used as a disciplinary measure in accordance with Board policy 7:220, Bus Conduct.

Detention/In-School

In-school detention (in-school supervision) requires that the student be removed from the student population. The student will be placed in the ISS/ISD room for a prescribed period of time. The student, while in ISS/ISD, will be responsible for completing all daily assignments provided by his/her teacher(s).

Restorative Practices

Restorative practices help students deal with the harm they have caused to individuals and to the school community. The goals of restorative practices apply to both those involved and to the larger educational community, and encourage accountability and responsibility through personal reflection within a collaborative planning process. A few examples of restorative practices include circles, conferencing, mediation, restitution, and peer jury.

Suspension/Out-of-School

Out-of-school suspension requires that the student be deprived of all the privileges of attending school for the number of days specified. All extra-curricular privileges are also suspended. Students shall not be present on any Alton School District property during suspension. Students receiving an out-of-school suspension are expected to remain current with class assignments. Action taken and results are recorded and kept on file. **Short-term suspensions consist of 1-3 days. Long-term suspensions consist of 4-10 days.**

Administrative Transfer/Placement

Administrative transfer/placement occurs when a student eligible for suspension or expulsion is transferred to a state-approved alternative program.

Expulsion

Expulsion is the removal of a student from school by action of the Board of Education. Students recommended for expulsion may be administratively transferred. See “Administrative Transfer/Placement”.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. Suspension and expulsion may be the available and appropriate disciplinary interventions in some circumstances where other available and appropriate interventions have been exhausted or it has been determined that there are no other available and appropriate behavioral or disciplinary interventions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically

painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Make-up Work

A student who is absent from school for any reason, including suspension, is encouraged to continue to keep up with his/her school work. This recommendation is made for the purpose of helping students avoid major gaps in their educational program. In addition, keeping up with assignments during an absence is the best way for a student to ensure his/her ability to successfully complete assigned work upon returning to school following an absence. The guidelines governing work missed during an absence are as follows:

1. It is the student's responsibility to get assignments, lecture notes, and other material needed to keep up with work missed.
2. Students returning to class from an absence are responsible for making the arrangements (research papers, projects, major tests, etc.) for missed work. The work must be completed within a time frame representing a day for every day of absence, including suspension.
3. Students will receive grades and credit for work made up.
4. Partial to full credit will be given to students for work missed due to an unexcused absence. Amount of credit will be established and consistently applied by respective elementary, middle, and high school levels.
5. Students called or sent out of class for any reason will be expected to complete work missed except if sent out for cheating.

DISCIPLINE PROCEDURES

The following illustrations show the types of disciplinary action that may be taken for each disciplinary violation. In each instance a minimum and a maximum action is listed, as well as an action for the first occurrence and one for repeated occurrences. If a student has demonstrated excellent behavior and then becomes involved in a problem area, school officials may consider the record of that student's good behavior before any action is taken.

If a student has continually exhibited problem behaviors, then the disciplinary action may be the maximum action listed. **Students should not expect that they will automatically receive the minimum or maximum action.** Such factors as the length of time since their last problem, their attitude, etc., will be taken into account before any action is taken.

It must be clearly understood that the following examples and illustrations of discipline measures may be altered by the administration and the Board of Education depending on the nature of an infraction.

Due to the Illinois School Student Records Act and the Family and Educational Rights and Privacy Act, parents/guardians will not be given information by District personnel on the discipline action taken against other students involved in a given situation.

Progressive Discipline

The Alton Community Unit School District #11 utilizes the concept of progressive discipline in assigning consequences to students who exhibit inappropriate behavior. By assigning more significant consequences to students who continue to exhibit behaviors which disrupt the educational process, we are hoping to give children an opportunity to develop an understanding that they need to begin to exhibit appropriate behavior on a regular basis in order to benefit educationally.

The assignment of consequences for inappropriate behavior is at the sole discretion of the administrator, after consulting the guidelines in the Student Conduct Guidelines. The progression of consequences may result in a recommendation for expulsion.

Elementary School

A team from each school has established building-wide expectations for behavior in all locations throughout the building. These positive expectations are continuously communicated to the student body. The premise of PBIS is to teach, model, and reinforce the behavior expected and desired.

Office Referral

1. First and second discipline referral - principal and teacher intervention, parent informed.
2. Third discipline referral during the current grading period - conference may be held with the parents/guardian.
3. Contact with parents/guardian should be made as necessary.
4. Severe clause - student(s) shall be referred immediately to the office. Examples: fighting, obscenity, insubordination, destruction of property.

Middle School

A school team has established building-wide expectations for behavior in all locations throughout the campus. These positive expectations are continuously communicated to the student body. The premise of PBIS is to teach, model, and reinforce the behavior expected and desired.

Grade level teams, including unified arts teachers, have developed classroom management plans with steps for teacher-directed interventions including warnings, parent contacts, and classroom consequences prior to referral to an administrator.

It is expected that the teacher will implement the classroom management plan, including parental contact, within close proximity to the inappropriate behavior. Direct referrals to the building administrator should be made for more serious infractions, including fighting, profanity directed toward staff, drug possession, weapons possession, and threats and/or battery directed toward staff.

Observable Behavior And Rules That Students Must Follow During The School Day

1. Be in assigned seat ready to work when the teacher closes the door or indicates class is beginning.

3. Keep hands, feet, and objects to yourself.

High School

A team has established building-wide expectations for behavior in all locations throughout the building. These positive expectations are continuously communicated to the student body. The premise of PBIS is to teach, model and reinforce the behavior expected and desired.

The cooperation and support of every member of the student body is needed in order to achieve the educational objectives of Alton High School. Following instructions, exercising courtesy, working hard, and developing and practicing school loyalty can do much to minimize problems which are always present when large numbers of people get together in a limited area. If each student accepts the responsibility for his or her own conduct, he or she can contribute much toward keeping Alton High School an excellent school.

The administration, faculty, and student representatives of Alton High School, wish to provide a clear set of procedures for a consistent and orderly school. Answers to common questions can be found in the material which follows. If changes seem advisable, they may be recommended to the administration and reported to the Board of Education. Students desiring any change in this material should contact a Student Council member. Appropriate action will be taken by the administration for any situation or incident not specifically covered in this publication. The following procedures shall be implemented at Alton High School:

Classroom

1. Teacher intervention.
2. Make a PBIS referral or Pillars of Support referral to the appropriate individual.

3. Severe clause - student(s) shall be referred immediately to the office. Examples would include, but are not limited to: fighting, obscenity, insubordination, destruction of school property.
4. Students should not expect that they will automatically receive the minimum or maximum action.

This Discipline Matrix does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the rules and policies. This Matrix provides only guidelines, and disciplinary decisions are made on a case-by-case basis. The District may impose discipline outside the scope of the Discipline Matrix where appropriate, in its sole discretion. The information provided is correct at time of deadline for publication.
