

Accelerated Reader

AR is a reading incentive program, grades 2 – 5, to encourage young readers to choose good literature and improve reading abilities. The students read books from the Accelerated Reader (A.R.) book list. After reading the book the student takes a multiple-choice test on a computer. They accumulate points depending on the length & difficulty of the book, and the percentage of correct answers on tests.

Monthly, we run reports to see how students are progressing reading materials at their reading level. Parent club helps sponsor reading rewards based on the points each student has accumulated. End of the year play day activities for those who complete their goals.
