

The Alton School District Board of Education is conducting a search for a new superintendent who will begin on July 1, 2024. The selection of a new superintendent is one of the most important decisions a school board makes. Therefore, the Board selected the Illinois Association of School Boards (IASB) to assist in this process.

As a valued stakeholder, the Board of Education is seeking your input to guide the search and selection process. The Board respectfully requests that all staff, families and community members complete the following online survey provided by the IASB. Results from the survey and the meaningful feedback you provide will then be utilized to guide the candidate application and selection processes. All survey responses and comments will remain anonymous.

The survey can be accessed at:
